

# What is ProPresenter?

ProPresenter is more than just a presentation software — it's an all-in-one experience designed to grow with you. Whether you're a portable church or lead a multi-campus ministry, ProPresenter gives you the flexibility to create engaging, seamless services while saving time, reducing the need for extra gear, and solving future challenges as you grow.

## All features unlocked

- ✓ Easily Customize Media & Slides
- ✓ Flexible Stage Display Layouts
- ✓ Program in Automations
- ✓ Seamless Live Editing
- ✓ ProPresenter Remote
- ✓ Multi-screen Management

...and more, all included with one subscription.

## Live video + multi-screen

Perfect for streamed services!

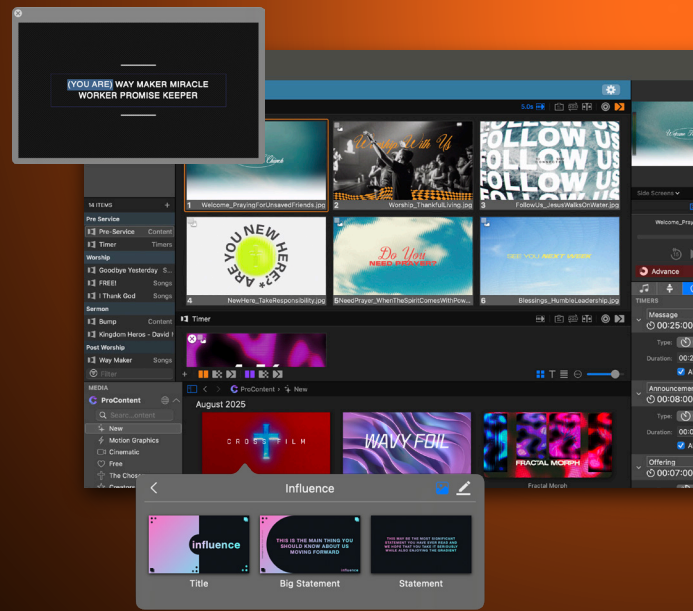

- Customize content for every screen with Looks.
- Expand your content across multiple screens, creating a more engaging experience for all audiences.

# Edit on the fly

We know changes happen, so keep up with quick editing modes.

- Reflow Editor: Easily change the text or insert missing breaks between slides.
- Quick Edit: Fix a typo with a simple right-click.
- Themes: Apply a theme and update all your slides with a single click.

## Total control in your pocket

Complete control meets total flexibility with the ProPresenter Remote App! Lead the room without leaving your seat — automatically included with all active subscriptions!

## Flexibility in any environment

Effortlessly create professional presentations, even on the fly. Independent layers ensure your content is always where you want it.

## Unparalleled Support

Have confidence in your productions with exceptional 7-day a week support. Visual learner? Here's the link to see easy-to-follow YouTube tutorials:
